

Engelsk ordbildelesning.

Klipp opp alle 8 platene. Disse skal tilsammen utgjøre 120 kort.

NERVØSSPILL

Fyrstikkeske i midten. Del ut like mange kort til hver. De mest vanlige ord som **yes**, **no** og **pronomen** finnes på kortene. Legg opp kort samtidig, teksten opp.

Hvis noen av deltakerne har samme ord på kortene, gjelder det å ta fyrstikkeska så fort som mulig. Den som får tak i eska først, gir kortene til den andre): den delen av kortene som han har snudd.

Spillet fortsetter til en av spillerne har kvittet seg med alle kortene sine.
